StrucSure Home Warranty Introduces Unique Program for Remodelers

Warranty Among First to Offer Protection and Peace-of-Mind to Remodelers and their Homeowner Clients

DENVER – April 26, 2010 – StrucSure Home Warranty, one of the major providers in the home warranty industry, has introduced a special program designed exclusively for remodelers across the U.S.

The StrucSure Remodelers Program™ is a one-year warranty program developed to help remodelers manage their day-to-day risk while providing their clients with peace-of-mind regarding their remodel project.

“Statistics show that more homeowners are opting to remodel their current homes, rather than incur the costs of purchasing and moving into a new home,” said Christopher Macaulay, President of StrucSure Home Warranty. “Our Remodelers Program is a great marketing tool for remodelers as it allows them to close more deals by offering homeowners an affordable, insurance-backed third-party warranty on their remodeling job. It is an affordable and wise investment in the event an issue occurs on the remodel project.”

The insurance-backed, one-year warranty provides affordable coverage options for workmanship, systems, and structural issues. Remodelers are able to order FREE marketing materials to help them market their credibility and promote the benefits of coverage to homeowners once they become a member of the program.

StrucSure is among the first home warranty providers to offer a warranty for remodelers. To learn more about the Remodelers Program and membership, visit <http://www.strucsure.com> and click on the “Remodelers” icon.

About StrucSure Home Warranty

For more than a decade, StrucSure Home Warranty has provided builders with products and services that deliver peace of mind. In addition to its 10-year residential structural home warranty, StrucSure offers a competitive portfolio of other risk management products that protect the bottom line of builders across the U.S. Its extensive product service offering, competitive rates, and stellar service keep builders relying on StrucSure for their warranty and insurance needs.
