

# ADDED VALUE WITH ADDED COVERAGE.

FOUR YEARS OF EXTENDED APPLIANCE  
AND SYSTEMS COVERAGE (YEARS 2 – 5)

## BREAKDOWNS HAPPEN. EVEN IN NEWLY-BUILT HOMES.

That's why we offer our ShieldComplete<sup>SM</sup> program option from American Home Shield that covers appliances and systems from years two through five, after the builder's warranty has expired.

### HERE'S HOW THE AMERICAN HOME SHIELD<sup>®</sup> SHIELD COMPLETE PROGRAM WORKS:

New construction home buyers can now purchase the ShieldComplete<sup>SM</sup> 2-5 year extended appliance and systems program at the time of closing. Coverage begins on day 366 and lasts for four years.

Coverage can be transferred to a new homeowner if the home is sold while ShieldComplete<sup>SM</sup> is active, giving your clients a great selling feature.

When the builder's one-year warranty expires, the American Home Shield program picks up and begins providing protection for covered items.

At the end of the contract term, coverage can be renewed in annual increments.
