

StrucSure Home Warranty provides third-party, insurance-backed warranties to remodelers and then those remodelers include our warranty protection on the projects they complete. This helps them reinforce their commitment to quality and service, build homeowner confidence, and offer peace of mind.

1, 2, & 10-YEAR WARRANTY

This multi-part warranty program includes the following components:

- The **one-year warranty** provides surety coverage and backs the remodeler's warranty on **defects in workmanship and materials**. Covered components of a home that do not meet established Performance Standards during the first year will be repaired, replaced, or paid for under our warranty in the event the remodeler is unable to do so or is in default.
- The **two-year warranty** provides surety coverage and backs the remodeler's warranty on **defects in the wiring, piping, and ductwork in the electrical, plumbing, heating, cooling, ventilating, and mechanical systems**. Covered components of a home that do not meet the established Performance Standards during the first two years will be repaired, replaced, or paid for under our warranty in the event the remodeler is unable to do so or is in default.
- The **10-year structural warranty** provides direct coverage from the day of closing for **major structural defects**. If a major structural defect occurs within the 10-year warranty term, it will be repaired, replaced, or paid for by StrucSure Home Warranty.
