

## **StrucSure Home Warranty Launches New Website**

### *New Website Offers Improved Experience for All Visitors*

DENVER, CO – May 10, 2017 – StrucSure Home Warranty, one of the nation’s leading new home warranty providers and a member of StrucSure Risk Management Group, announced the recent launch of their newly redesigned website at [www.strucsure.com](http://www.strucsure.com). The new website offers visitors a simple design with improved navigation, valuable content, and straightforward messaging.

“We’re excited about the launch of our new website as it will better serve our prospects and customers and provide a richer user experience for all visitors,” said Adria Ellerbrock, V.P. of Marketing. “It will also help support our position as an industry leader by providing professionals in the construction and contractor trades the information they need to make informed decisions regarding their risk management strategy.”

Created with the user experience in mind, the website has a responsive design with easier menus and navigation paths so the end user can find the information they need while understanding the benefits of having a third-party, insurance-backed warranty as part of their overall risk management plan.

“Our goal is to use technology to everyone’s benefit and the improvement of our website will help us achieve that,” said Richard Poling, StrucSure’s president.

### **About StrucSure Home Warranty**

Since 1997, StrucSure Home Warranty has provided builders, remodelers, and contractors with warranty products that deliver peace of mind. Our warranties protect our clients from expensive claims, liabilities, and legal fees and offer their clients peace-of-mind through third-party warranty protection that is A-rated with additional reinsurance from Lloyd’s of London. Just like any risk management product, the hope is that you'll never need it, but when a problem emerges, you're glad you're covered!
