

### **Tiffany Acree and D'Ann Brown Achieve Million Dollar Producer Status Again in 2014**

DENVER CO – January 2, 2015 - StrucSure Home Warranty, one of the nation's leading home warranty and risk management providers, is proud to announce Tiffany Acree and D'Ann Brown have earned the distinctive honor of being inducted into the Million Dollar Sales Club again in 2014.

Both Acree and Brown serve the state of Texas, with Brown focusing on South Texas and Acree focusing on North, East, and West Texas. 2014 marks Brown's second year in a row achieving million dollar status, and Acree has now achieved million dollar status four years in a row. Additionally, Acree was the first sales representative to receive the Million Dollar Producer Award with StrucSure in 2011 and she had her best year to date with over three million dollars in sales in 2014.

"This level of achievement is indicative of the continued growth and success at StrucSure Home Warranty as well as an individual commitment to sales, service, and excellence on the part of each of the honorees," said Christopher Macaulay, President of StrucSure Home Warranty. "Being able to honor two repeat Million Dollar Sales Club award winners in 2014 is not only positive recognition for our sales professionals, it is also a sign of the trust and confidence our clients and the building industry place into our company on a daily basis," said Macaulay.

Acree and Brown not only provide solid risk management services to their clients but are also considered thought leaders in the homebuilding industry. Both are very active in their local homebuilder associations, are members of the Texas Association of Builders, and have received multiple industry awards related to their industry involvement and dedication to builders and the homebuilding industry.

"We are very proud of the professional sales staff that represents our company," commented company CEO Jerry Thompson. "It is the reason why we are the leading warranty provider in Texas and why builders turn to StrucSure Home Warranty for their risk management needs," said Thompson.
